Power BUL

(Concert Style) made easy!

Item-#: PowerBUL

Detailed information can be found at www.lefima.de

The PowerBUL harmonizes bass resonance, while controlling overtones and offering light weight.

The use of alternative materials and a unique lug technology made possible a new generation of marching drums with such low weight that this was honored in the Guinnessbook of the Records! Because of the reduced mass attached to the shell, these instruments gain tremendous power that predestines these drums for playing outside. With a marching bass drum every single gram counts! Not wishing to remain on our laurels we have now made ou...

Power BUL

(Concert Style) made easy!

Item-#: PowerBUL

Detailed information can be found at www.lefima.de

Ultra-leicht: Right at the beginning of the 20th century Lefima set completely new benchmarks with the ultra-light drums in the field of marching percussion. The use of alternative materia...

Temperature-resistant: For this drum only high-quality materials are used: drum cover material, glue and lacquering resists temperatures up to 100°C (210°F).

Black Heads: On request, this drum can be delivered with black heads.

Robuste: This article is especially robuste.

Plus Bass: This drum features an extreme bass sound.

Back Preserving: Because of either a low weight or an ergonomic design this article is especially back preserving.

Comfortabel: This article features a high comfort concerning carrying and handling.

Transport Friendly : This article can be transported easily by either a very compact design or a volume that can be scaled down.

Plywood shell: Our unique bonded plywood guarantees absolute roundness and remarkable light weight coupled with super sturdiness. Our specially formulated acoustic adhesive allows cross ply vibra...

Sunk-in Tension Screws: This drum features sunk-in tension screws. They don’t bother and avoid injuries while playing and damaging of car seats.

95db: This as a muffled instrument very loud drum has a great projection outside. (The sound pressure of 95dBA was measured as a single stroke with a mallet model 104 on a bass dru...

Black Hardware: On request, this drum can be delivered also with black hardware. Dependant on the model, this concerns tension screws, claws, rims and lugs.

Head Design Possible: Suitable for head designs are white and black WeatherKing, PowerStroke and MegaStroke heads.

Separately Tuneable Heads: The possibility of tuning bothe heads separately provides an optimal tuning ability and thus sound quality.

Mufflers: This drum features a muffler.

Unbeatable: Unbeatable Edge Protection for Rims A special substance combines in a specially developed procedure with the wood of the drum rim* and so provides the rim edge an extre...

Carrier-compatible: Carier compatible instruments kann be carried with the Lefima harnesses without any further accessories. That are e. g. the “Plug & Play-”, “ZDH-“ and “Flexi-“ Carriers....

Often Marching people : Appropriate indicated instruments and accessories are especially suitable for professional marching drummers who frequently walk long distances with their equipment. The design esp...
