The Bass Drum for Champions!

Item-#: MB-BMP

Detailed information can be found at www.lefima.de

The concentrated bass power of a maple shell combined with mega-light weight!

Crucial for the sound is the use of special plywood in combination with the free-floating design. This allows the shell to swing bringing out the natural timbre and resonance of the maple, throughout the range not just in the bass! The lugs are manufactured from high-strength carbon fiber material and ensure maximum stability combined with incredibly low weight. Newly developed super lightweight metal rims stand behind the...
