Ultra-leicht: Right at the beginning of the 20th century Lefima set completely new benchmarks with the ultra-light drums in the field of marching percussion. The use of alternative materia...

Temperature-resistant: For this drum only high-quality materials are used: drum cover material, glue and lacquering resists temperatures up to 100°C (210°F).

Black Batter Head: On request, this drum can be delivered with black batter head.

Multi-angle Carrying Bar: This drum features a multi-angle carrying bar where carrying hooks can be hooked in at different positions and thus the tilting of the drum can be changed individually. All Lefima ...

Leg Rest: This drum features a leg rest.

Back Preserving: Because of either a low weight or an ergonomic design this article is especially back preserving.

Comfortabel: This article features a high comfort concerning carrying and handling.

Sunk-in Tension Screws: This drum features sunk-in tension screws. They don't bother and avoid injuries while playing and damaging of car seats.

Transport Friendly : This article can be transported easily by either a very compact design or a volume that can be scaled down.

Black Hardware: On request, this drum can be delivered also with black hardware. Dependant on the model, this concerns tension screws, claws, rims and lugs.

Separately Tuneable Heads: The possibility of tuning bothe heads separately provides an optimal tuning ability and thus sound quality.

Carrier-compatible: Carrier compatible instruments kann be carried with the Lefima harnesses without any further accessories. That are e. g. the "Plug & Play-", "ZDH-" and "Flexi-" Carriers....

Mufflers: This drum features a muffler.

Often Marching people : Appropriate indicated instruments and accessories are especially suitable for professional marching drummers who frequently walk long distances with their equipment. The design esp...
