PowerMax 2 or MX 2 heads in combination with the volume plus of extra deep shells let these drums be counted among the loudest!

Newly developed mega-light rims are off-set from the shell's bearing edge, making damage to the bearing edge caused by accidental strokes to the rim a thing of the past. In addition, there is also the exclusive use of rustproof materials. The drums can be even played in the rain without needing to be being dried afterward.

Design features

Mega-light built waterproof bonded hardwood shell with Deep-Space scratch resistand foil and mega-light rims with integrated edge protector on the batter side, heads with integrated „free-floating“ felt segment muffling, sunk-in tension screws (stainless), carbon fiber lugs, 4 carrying loops (stainless), tuning key, Rucksack-style Bag, foldable SwiveLegs
