Field Drums with batter and snare side head correspond to the traditional model. They are played without snare wires or gut snares.

Models for these field drums were the instruments of the mercenary troops of the 15th And 16 Century. With the development of her ultra-light drums in the year 2000, Lefima sets standards also at field drums. The sensationally low weight is completed by a voluminous sound and modern tension screw technology. Colours and designs orientate at the checked clothes of the soldiers.

Design features

ultra-light built waterproof bonded plywood shell, chromed triple-flanged rims, 2 ring mufflers, 2 carrying rings, extra padded leg rest of the 600-series (stainless steel), tuning key
