Glockenspiel „Standard“ STEP

A cut above with raised semitones!

Item-#: EPG Step

Detailed information can be found at www.lefima.de

These glockenspiels have raised semitones and thus meet the demands of musicians who are used to such instruments with regards to the diapason.

They combine good transportability and excellent sound! With these 3-octave instruments we offer a tonerange, which reaches out wide above their price class. The bars are hand-tuned with most modern technology and are made from a lightmetal alloy which grants an exeptional sound, but also predestines them for frequent transportations. The cross-drilled bars guarantee optimal vibration and sound expansion. This model features a co...

Design features

Freely suspended bars made from a special aluminum alloy with raised semitones, sensitive pedal damper, adjustable damper horizontal for separate adjustment at low and high notes, adjustable pedal spring resistance, extremely quick set-up by magnetic support without screws, light wooden resonance frame mounted in sturdy case, case top detachable; for transport the stand can be folded and stored inside the case which is designed as trolley. The indicated weights are without stand.
