Traditional design harmonises with modern technology!

The drums of this line follow in principle historical models from the first half of the 20th century. However, they have lugs, batter and snare head can be tuned separately quite in accordance with the modern requirements of a marching drum. The standard mounted flexy leg rest is super padded and adapts to the movements of the thigh at every step.

Design features

Brushed metal shell, rims from torsion resistant hard wood, strainer #ZA-ABH-0467-000, ring control, eagle carrying bar #478, extra padded flexi-leg rest (stainless steel), tuning key
