

Item-#: MP-AQK

Detailed information can be found at www.lefima.de

Drums are one of the first instruments of mankind.

Players who have emphasis on authenticity must not give up modern technology. The use of stretch-resistant rope allows you playing even in the rain. Visually, the rope is not distinguishable from conventional material. The five times lower expansion coefficient of this special Lefima rope keeps five times as long and retightening is delayed significantly.

Design features

waterproof bonded plywood shell, rims made from torsion resistant hard wood, rope, genuine leather tensioners, strainer ZA-AB-H-0467-000, control ring, eagle carrying bar #ZH-PLA-0478-000, tuning key
